

PROJECT MANAGER - PRODUCTION AND PROTOTYPE CONSTRUCTION

Become part of something big! Turn your ideas into beneficial technologies and have the chance to improve the quality of life around the world with us.

Innovative ideas drive us and with passion we make our contribution to a more environmentally friendly future.

The mission of crop.zone GmbH is to enable sustainable CO₂ sequestration in the soil without relying on total herbicides such as glyphosate.

The long-term goal of crop.zone is to create a platform that enables farmers to reduce their input costs and create new business models

through advanced crop and soil management technologies, autonomous systems, sensors and digital management. We offer you the opportunity to participate in an entirely new technology, as well as becoming part of a young, dynamic start-up company.
